

## Right Sizing Service Worksheet for Events

**Instructions:** Estimate and record how full your containers are before being collected and write down any additional notes or observations. For example, are recyclables found in the garbage? If so, what type of materials? Are cardboard boxes broken down? Does a significant volume of your garbage consist of food waste or other compostable materials?

**Name of Event:** \_\_\_\_\_

**Dates of monitoring:** \_\_\_\_\_

Service Information	Name of Hauler/ Service Provider	Container Size (2yd, 4yd, etc.)	Number of Containers
Garbage			
Cardboard Recycling			
Mixed Recycling			
Organics Recycling			
Other:			

Type of Service (trash, recycling, etc.)	Emptying Date and Time	Estimated % Full	Notes/Observations	Notable Contamination
