11660 Myeron Road North
Stillwater, MN 55082

County Highway 32 (11th Ave SW) Pedestrian and Safety Improvement Project

Join us for an open house!

Washington County, in partnership with the City of Forest Lake, is exploring pedestrian and safety improvements along County State Aid Highway (CSAH) 32 between I-35 and Trunk Highway 61. This study will assess intersection and traffic safety improvements, drainage improvements, and bicycle and pedestrian improvements.

This open house will be the first in the project process. Join us to learn more about the project and provide your input. At this stage in the process, the project team is looking to understand existing conditions and the opportunities to improve CSAH 32.

Want to participate virtually?

Scan the QR code or visit the project website to participate in the online activities and share your comments via an online survey August 15 through September 5.
