58th Street Extension/ County Highway 15 Connection Project

You Are Invited

Washington County is leading a roadway extension project through the Cities of Stillwater, Stillwater Township, and Oak Park Heights. This project aims to address a disconnect in the regional Highway system to complete a connection along the County Highway 15 corridor. The County is hosting an open house to share project details and collect input on existing conditions and desired improvements within the project area.

Join us in-person or online to meet the design team, share comments about needs and concerns with the corridor, and learn about the process, opportunities, and schedule for the project.
