County Highway 16 (Valley Creek Road) Corridor Study Open House

You Are Invited

Washington County, in partnership with the City of Woodbury, is conducting a corridor study of County Highway 16 (Valley Creek Road) from Interlachen Parkway to State Highway 95 (Manning Avenue). This study will analyze current and future needs (highway capacity, intersections, access, right-of-way, drainage, pedestrian and bicycle accommodations, etc.) along the corridor to provide a vision that helps guide future improvement opportunities.

Join us in-person or online to meet the project team, provide input on design alternatives, and learn about the schedule and next steps for the study.
