# Hardwood Creek Regional Trail Extension Project

## Open House

Washington County, in partnership with the City of Hugo, is commencing the design phase for a trail extension project for the Hardwood Creek Regional Trail from 120th St N to 130th St N. This project will fill an important gap in the existing trail network by extending the Hardwood Creek Regional Trail to Washington County’s southern border. Construction is planned to start in 2027.

Join us for an open house to learn about the project’s design process, the project schedule, and meet the project team. You will be able to provide feedback and shared ideas for the project.
